

Volunteers' expenses

We consider it important that all volunteers claim expenses whether or not they would otherwise be happy to pay for their own travel costs. This is to ensure that those who do need to claim their travel costs do not feel stigmatised in doing so.

All Street Angel volunteers should therefore claim their costs of travel to and from training and to and from Guildford on nights they are scheduled to work as Street Angels using the forms provided in the volunteer pack.

Should any volunteer not wish to claim their expenses as a means of providing financial support to the work of the Guildford Town Centre Chaplaincy we would ask that they still claim expenses and then donate them back to the Chaplaincy with a complete Gift Aid form.
